# EUREKA Ministerial Conference in Madrid

# EUREKA Ministerial Conference in Madrid

Ministers decided that EUREKA should refocus its activity in the coming years along two main axes:

- **Strategy for EUREKA Internationalization 2025**

- \* *Making EUREKA the preferred tool for European industry to cooperate globally in R&D*

- \* *Reinforcing EUREKA's contribution more generally to building fully operating and active network*

- **European Innovation Landscape**

# EUREKA daily business

## EUREKA daily business confirms

- cooperate internationally with common sense for profit of customers
- looking solutions and using low administration burdens
- common communication within the network and among national offices
- bringing good examples of projects and their socio-economic impact
- pushing governmental authorities to invest public money into R&D
- combining private and public funding and share risk
